Hi Kate,

Here are two addresses.

The first is the mobile command post at 850 Municipal Dr. today. It doesn't have the best meeting space inside. It could make a good visual for a presser.

<image005.jpg>

The second is the EPA/START office at 605 E. Apache St. It is a decent conference room and lots of energy especially after 3 pm.

Please see attached is the latest draft schedule- this is the latest we have been working off of. Please note it does include holds at both the Durango and Farmington UCC for meetings with Local/State/Congressional folks.

Please let us know if you have any questions.
